Dear Mark

On behalf of the Building Committee, the Staff and the entire congregation of Ballwin Baptist Church, I want to thank you for the excellent job you have done as the general contractor for the construction of our new educational wing. Your honesty and true personal interest in our project was evident not only in our initial interview with you, but throughout the entire project.

The personal interest you and your team demonstrated during the construction created not only a great working relationship, but valued friendships as well. You helped us overcome some difficult issues encountered with soil conditions with a genuine concern for impacts to our budget and schedule. Your personal efforts resulted in us being able to stay on schedule and have the smallest impact possible on our overall budget.

Hardly a week goes by that I don't receive a compliment on our new building and the quality of workmanship you and your team of subcontractors provided. I consider it a privilege to be able to recommend you and your company to other people. I am looking forward to working with you in the future when we're able to complete the final phase of our project.

Thank you for your outstanding service.

Sincerely,

Lynn Nance
Building Committee Chairman
