

## Where Friends Become Family

---

Dear Prospective Builder,

September 12, 2002

It is my pleasure to give the highest recommendation for Wachter Construction Services in any of your future building needs. Over two years ago, we searched for a Building Contractor who would partner with us on a \$6.2 million expansion of our facility. When we interviewed Mark Kamp, principal of Wachter – we knew we had found the partner that we needed. We have, over the past two years, had Mark Kamp, Dan McManus, and the entire Wachter company as valued members of our project team.

While continually striving to uphold and increase the quality and look of the building, making sure we would be happy with what was built, Wachter did an exceptional job of watching our bottom line. They were able to produce significant project savings, allowing us to add some elements that we were not sure we could afford. While doing so, whenever something wasn't right, they immediately made it right – often without any involvement on our part. Their integrity is unquestioned.

I know that as Calvary assesses any potential future building needs, Wachter will be at the head of the line when it comes to selecting a contractor. I feel confident that your project will benefit from the inclusion of Wachter Construction Services into your project team.

Sincerely,

Mike Sherman  
Executive Director  
Calvary Church
