Dear Mark:

This letter is to commend you and your employees for the excellent job you have done as the General Contractor for two projects for the Daughters of Charity. Innumerable compliments have been expressed by a variety of people regarding the quality of workmanship in the extensive renovation of the 1895 residential structure at 4328 Westminster Place and in the newly constructed office building on Olive Street.

I am especially grateful to Tom McKeever, the Superintendent for these projects. Tom is patient, very professional, works as a team player with the owner, neighbors, architects, artisans, subcontractors, city personnel and the crew. He is most attentive to details, especially the unique details of these projects and is very effective in keeping the projects coordinated and running smoothly. Also, Tom stays on top of resolving punch list items.

I am grateful for your personal interest in these projects, for your understanding and willingness to accommodate our unique requests. In my various communications with you, I sensed your commitment to doing quality work in a timely manner and within the projected financial budget. The Job Cost Reports and the construction schedules assisted in tracking the status of the projects. Your addressing difficult issues directly, timely and honestly is very helpful. My personal thanks to you for the very professional way you directed our projects.

Mark, please convey my personal thanks to your employees. Your organization is a customer-friendly one and a very professional one committed to quality service and work.

It is a pleasure for me to work with you, Tom and your other employees.

Sincerely,

Sister Damian, D.C.
