Mr Mark Kamp  
108 Industrial Drive  
Arnold, MO 63010

Dear Mark,

I want to commend you for the excellent job you have done as the general contractor for the construction of our new Worship Center. Having been involved in three previous building projects I can honestly say that my experience with Wachter was without a doubt the best of all.

Throughout this construction period I heard numerous positive comments from the congregation regarding the construction supervisor, the quality of work, and the effort to maintain a clean and safe construction site. I don't remember hearing any negative comments concerning the work of Wachter Construction Company.

I am especially grateful for your personal interest in the project and for your willingness to do everything possible to meet our desires and needs. In all of our meetings I sensed your efforts to deliver quality work in a timely manner. Thanks for being willing to tackle the hard issues, sometimes with brutal honesty.

It will be my joy to recommend Wachter Construction to others. I would certainly want to use you for any future construction we might have.

Many of us in the church feel like we have developed new friendships with your company through this construction process. If we can assist you in any way, don't hesitate to call.

Sincerely,

Dr. David Sheppard
