Mr. Mark Kamp
Wachter, Inc.
108 Industrial Drive
Arnold, MO 63010

Dear Mark,

It has been almost three years since we began working together to build a new Worship Center here at First Christian. From the beginning the Steering Ministry Team and I believed that our relationship with Wachter, Inc and with you would be a blessing to this congregation and to this community.

We have been in our new facility for several weeks now and it is a wonderful thing to see people's faces and know their joy at seeing long-held dreams realized. We have had many people visiting with us the past few weeks who comment on the great workmanship of the building. It is obvious that we are now enjoying the fruit of many people's labor.

We are very appreciative of the way that you led the process as our General Contractor – working with the varied subcontractors throughout the Design-Build process. Thank you for your work at holding the varied trades accountable on the project and for your work in keeping the costs to within the project budget as much as possible. Thank you for making it possible to use our “front door” most every weekend! We are so pleased at the way the new and the old tie together so seamlessly!

We are also very thankful to have had Dan McManus as our superintendent on the project. It was a pleasure to work with him daily. His concern for our project and our ministry was very apparent. We appreciated knowing that he was looking down the line to make sure everything would come together at the end of the project. His kind spirit and attention to detail allowed us to work together very well to see the project to completion.

Your commitment to the project and concern for the ministry of First Christian was obvious throughout the project from design through to completion, and it will be my pleasure to recommend Wachter, Inc. to others in the future.

Sincerely,

Steve Ross
Associate Minister of Administration
