

CITY OF
LADUE

Public Works

October 19, 2001

Mr. Mark E. Kamp, President
WACHTER INC.
108 Industrial Drive
Arnold, MO 63010

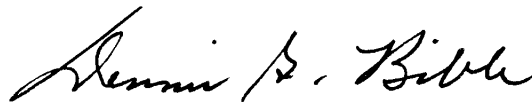

Dear Mark:

On behalf of the city of Ladue, I wish to express my gratitude for such a very well constructed and beautiful new Police Building built by your company. You should be very confident of your entire work force and subcontractors. I was very impressed to see how well the various trades worked together as a team to solve problems and conflicts. As you know, I had the responsibility of visiting this site on a daily basis. I saw first hand how much pride was taken with this project by all trades.

I wanted to personally tell you how pleased we were with the professionalism of Dale Schulteheinrich, your construction superintendent. He was courteous and conscientious and is a credit to your company. It's not often you find people like him who are far and few between. He paid attention to details and addressed our concerns immediately. He truly was the "Field General" in charge of this project. He was in my estimation – a perfect fit.

Once again I want to thank you for a job well done.

Sincerely,

Dennis G. Bible, Director
Department of Public Works

Cc: Dale Schulteheinrich
