

PROVIDENCE REFORMED PRESBYTERIAN CHURCH

A Congregation of the
Presbyterian Church of America

Mark Kamp
Wachter, Inc.
108 Industrial Drive
Arnold, MO 63010-6101

January 21, 2001

Dear Mark,

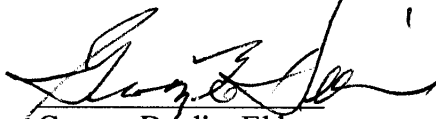

What a pleasure it is to have our new Education Wing completed.

We are all pleased with both the results of the construction effort and with Wachter, Inc. as a company. We are particularly grateful for our working relationship with you personally.

We appreciated your forthright style in working with us to identify potential problems before they became real problems, and for your quick and gracious resolution of items that needed correction as we went through the building phase. So, on behalf of the congregation of Providence Reformed Presbyterian Church, our Elders and Deacons, and particularly the Christian Education staff who will benefit most directly from the Education Wing, we sincerely say "Thanks!" for a job well done.

If other churches or institutions are looking to build a similar facility and would like a personal reference, please have them contact Don Simon, the chairman of our Building Committee.

Sincerely,
The Building Committee

George Devlin, Elder

Dan Marcotte, Deacon

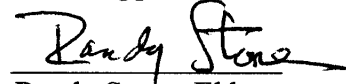

Paul Svezia, Deacon

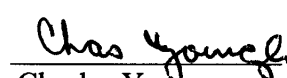

Denise Gerstung

Mark Kamp
Wachter, Inc. Construction Services
108 Industrial Drive
Arnold, MO 63010-6101

Dear Mark,

On behalf of the congregation of Providence Reformed Presbyterian church, our Pastor, Associate Pastor, Assistant Pastor, Elders and Deacons, I want to thank you for your backing of us on the floor tile problem we had on the 2nd floor of the Education Wing.

It was through your insistence on having a person with authority from the Armstrong Floor Tile Company to come and see our problem, even though it was beyond the warranty period, that this problem was resolved.

Wachter, Inc. has demonstrated it's commitment to being a quality construction company when we chose it to build the Education Wing addition several years ago. A "Well Done" to All the crews involved.

I thank you personally for the work you did on this problem.

Sincerely,

Donald J. Simon
Chairman, Building Committee, (Retired)
