Mr. Mark Kamp
Wachter Inc.
108 Industrial Drive
Arnold, MO 63010

Dear Mr. Kamp,

I am writing to express my gratitude and appreciation for the outstanding work of your men, and most especially Mr. Gary McCoy on the construction project at St. Louis University High School this summer. Although there were unexpected problems that arose during the project, Mr. McCoy handled every situation in a professional manner while at the same time maintaining a schedule that allowed us to be ready for the opening of school.

Mr. McCoy's efforts to stay in contact with me and other administrators at the school regarding progress, or lack thereof, were appreciated. The communication between Wachter, Inc. and the school was excellent.

Again, my sincere thanks and appreciation on a job well done.

Sincerely,

Paul Owens
Plant Manager
